| | | |

The proprietors of the Eckford Line would particularly call the attention of the Merchants of Wisconsin, Illinois, and other Western and Southwestern States to the superior facilities of their line for transportation to, and from, the ports on the Upper Lakes. The above line of Steamboats runs direct to our Dock, at Buffalo, and all goods contracted by this line for the Upper Lakes will be shipped (unless otherwise ordered or contracted) by *Steamboats*, (not Propellers) with but one, or possibly two exceptions. The Eckford is the only Line not interested in, or committed to, a Propeller Upper Lake Line; and in endeavoring to sustain a line of *Steamboats* on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, when interest demands the continuance of a line of such a class of Boats. Boats leave New York and Buffalo daily.

CLEVELAND, OHIO.

Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co., Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

JAMES B. HICKEY, late of the City of Cincinnati, has permanently located in Milwaukee, for the purpose of carrying on the Horse-Shoeing Business, not to be beat by any Shop in the City; for with 21 years' experience in some of the best shops in the Union, he feels confident when he asserts that he cannot be beat. Citizens of Milwaukee and vicinity, to be convinced of the truth of my assertion, and have their Horses properly attended to, so as not be maimed, interfere, &c., had better call and examine for themselves, for they will have their work done as I say, and at $1 per set for Plain Shoes; Extra Shoes $1,25; Bar Shoes $1,00 per pair; Sandals $2,50 per pair; and all other work to suit the times. Don't forget to call at the OLD STAR HORSE-SHOEING SHOP, on Huron, between Milwaukee and Jefferson streets.

## AN ACT TO AUTHORIZE THE BUSINESS OF BANKING.

*The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:*

Sec. 1. For the purpose of carrying into effect the provisions of this act, the governor of this state is hereby authorized and required, so soon as this act shall be in force, to appoint, by and with the consent of the Senate, a bank comptroller, who shall hold his office until the first Monday in January, A. D. 1854, and until his successor is elected and qualified. At the general election to be held in this state on the Tuesday next succeeding the first Monday in November A. D. 1853, and every two years thereafter, there shall be elected by the people, a bank comptroller, whose term of office shall commence on the first Monday in January, A. D. 1854, and continue two years, and until his successor is elected and qualified; the canvass and return of the election of said bank comptroller shall be made in the same manner as the elections of other state officers are canvassed and returned.

The compensation of bank comptroller shall be, including office rent, clerk hire, stationery, fuel and all other contingent expenses, two thousand dollars per annum, to be paid out of the state treasury, in the same manner as other state officers are paid. The bank comptroller shall, before he enters upon the duties of his office, take and subscribe the oath required by the constitution, and give a bond to the state of Wisconsin in the sum of fifty thousand dollars, with not less than ten sureties, who shall be resident free holders of this state; said bond to be conditioned, approved and preserved in the executive office, in the same manner as is provided for the state treasurer's bond, in Sec. 27, Chap. 9, of the Revised Statutes. The bank comptroller shall keep his office at the seat of government of this state, and carry into effect the provisions of this act in the manner hereafter specified: Provided, That the salary of the comptroller shall in no case exceed the amount paid into the state treasury, under the provisions of this act.

Sec. 2. The bank comptroller shall appoint a deputy, who in the absence of the comptroller from his office, or in case of a vacancy in said office, or in case of any disability of the comptroller to perform the duties of his office, may perform all the duties of the office of bank comptroller, until such disability be removed, or vacancy be filled by appointment as provided in the preceding section; for whose acts said comptroller shall be liable on his official bond: Provided That the said deputy be paid for his services out of the salary allowed the comptroller by the preceding section.

Sec. 3. In case the office of bank comptroller shall become vacant, or in case the comptroller from any cause shall be incapable of discharging the duties of said office, the governor of this state shall appoint a suitable person to perform the duties of bank comptroller, and the person so appointed shall be invested with all the powers, and shall perform all the duties of such comptroller until such vacancy be filled, or such disability be removed, and he shall give bonds in the same manner as is required of the comptroller in the first section of this act.

Sec. 4. The bank comptroller is hereby authorized and required to have engraved and printed in the best manner to guard against counterfeiting, such quantity of circulating notes in the similitude of bank notes in blank, of different denominations, not less than one dollar, at the expense, to be paid in advance, of any person or association of persons applying for the same, as he may from time to time deem necessary to carry into effect the provisions of this act. Such blank circulating notes shall be counter signed, numbered, and registered in proper books to be provided and kept for that purpose in his office, so that each denomination of such circulating notes shall bear the uniform signature of such bank comptroller or his deputy; and the plates and dies and materials to be procured by the comptroller for the printing and making of the circulating notes provided for hereby, shall remain in his custody or under his direction; the expenses necessarily incurred in executing the provisions of this section shall be charged against the association applying for such circulating notes, and paid by it to the said comptroller.

Sec. 5. Whenever any person or association of persons formed for the purpose of banking under the provisions of this act, shall duly assign and transfer in trust to the treasurer of this state, any portion of the public stock issued or to be issued by the United States, or any state stocks on which full interest is annually paid, said state stocks to be valued at a rate to be estimated and governed by the average rate at which said stocks have been sold in the city of New York, within the next six months preceding the time when such stocks may be left on deposit with the comptroller; such person or association of persons shall be entitled to receive from the bank comptroller, an amount of such circulating notes of different denominations, registered and countersigned, equal to and not exceeding the amount of public stocks assigned and transferred as aforesaid; but such public stock shall in all cases be or be made to be equal to a stock producing six per cent per annum, and it shall not be lawful for the bank comptroller to take such stock at a rate above its par value, nor above its current market value in the city of New York, at the time of deposit by such person or association of persons: Provided, That if in the opinion of the bank comptroller and governor any stocks, &c., offered, shall be deemed insecure, they shall not be received as such securities under the provisions of this act.

Sec. 6. Any person or association of persons formed for the purpose of banking under the provisions of this act, may at his or their option assign and transfer in trust to the state treasurer of this state, bonds or obligations bearing a rate of interest not less than 7 per cent annum, payable semi-annually, issued by any rail road company in this state, incorporated by any act of the legislature of this state, or of the territory of Wisconsin, duly organized under such act of incorporation, the payment of which bonds or obligations shall be secured in the manner hereinafter provided, by a mortgage or deed of trust of the whole or a portion of a rail road constructed by such rail road company in this state; which bonds or obligations shall be received by the said treasurer in lieu of the public stocks issued or to be issued by the United States, or by any state, as herein before provided in this act; and upon making such assignment and transfer, such person or association of persons shall be entitled to all the privileges, immunities and benefits which by the provisions of this act, he or they would be entitled to if the whole amount of securities so assigned and transferred were public stocks of the United States or of any other state: Provided, That such bonds or obligations shall not be received as securities for more than one-half of the amount of bills or notes issued to such person or association: And provided further, That no rail road corporation shall ever engage in the business of banking under the provisions of this act.

Sec. 7. The mortgage or deed of trust executed to secure the payment of such bonds or obligations, shall be executed to a trustee or trustees, shall contain the usual and appropriate provisions for the security of the holders of such bonds or obligations, shall be the first lien on a portion of continuous rail road, of not less than forty miles, or on the whole of a railroad of not less length than twenty miles in extent, and shall convey the same, together with its equipments, depots, fixtures, machinery, and the name and functions appertaining thereto.

Sec. 8. No such bond or obligation shall be received until the governor, bank comptroller and attorney general, or two of them, shall file with the treasurer of the State a certificate by them signed from actual view and inspection, that such requisite portion of road has been constructed in a substantial manner, with a solid road bed, and with a rail of T or H, or other approved pattern and weight, of in no case less than fifty lbs to the yard, similar to other roads of the first class, and has been fully equipped and in actual operation, and has earned for the year next preceding a net revenue, greater than the interest on the bonds or obligations secured thereon by such mortgage or deed of trust; nor until the attorney general shall file in like manner his certificate from actual examination, that such mortgage or deed of trust has been duly executed in the manner and with the provisions required by this act, and is the first lien on such portion of road, its equipments, depots, fixtures, machinery, income and franchises; nor until the directors of such railroad company shall file in like manner a statement under the oath of its president and secretary, setting forth the cost of such portion of road, and the net revenues thereof for the year next preceding.

Sec. 9. Such bonds or obligations shall not be received at a rate higher than eighty cents on every dollar of the current and actual value thereof, nor at a rate, estimating the whole number of continuous miles in such portion of road, and the amount of bonds or obligations secured thereby, exceeding the one-half of the average cost and value of such road, nor at a rate, to be ascertained by such estimate, exceeding eight thousand dollars per mile, for every mile thereof.

Sec. 10. The bank comptroller in conjunction with the governor shall reject such bonds or obligations, the security of which shall be found upon examination to be doubtful, or liable to be seriously impaired, and in case the current or actual value of said bonds or obligations shall be depreciated, after they shall have been received, the bank comptroller shall reduce the rate at which the same shall be continued to be held as securities, and require other bonds or obligations, or public stocks of the United States, or of any state, to be deposited, to make good the deficit, in like manner as is provided for in this act, in case of the depreciation of the value of such bonds or public stocks.

Sec. 11. Every such mortgage or deed of trust by which such bonds or obligations shall be secured, shall be recorded in the office of the secretary of state, in a proper book kept for that purpose, whose certificate of such registering endorsed on such mortgage shall be evidence thereof; and the said mortgage or deed of trust so recorded shall have the same effect as if recorded in the several counties through which such road may be built.

Sec. 12. A descriptive list of the circulating notes so registered and countersigned by the bank comptroller or his deputy, as provided in section four of this act, shall be delivered to the state treasurer, who shall copy the same in the book hereinafter required to be kept by him for recording descriptive lists of securities deposited with him for safe keeping.

Sec. 13. Three descriptive lists of the securities transferred to the state treasurer in trust as aforesaid, shall be made and signed by the bank comptroller and persons making the transfer; one in a well bound book to be kept by the comptroller for that purpose, one in a like book to be kept by the treasurer, and one in a book to be kept by the association, and said securities shall then be delivered to the state treasurer, for safe keeping, who shall receipt to comptroller for the same, and who shall be responsible, for any loss or destruction thereof, growing out of or resulting from negligence, or the want of reasonable precaution or care. The whole or any part of said securities may be re-delivered to the comptroller for the purpose of being sold under the provisions of this act, the comptroller in either case giving a receipt upon the book kept by the treasurer aforesaid, specifying therein the purpose for which such redelivery was made, which receipt shall discharge the treasurer from all further responsibility for the stocks so re-delivered to the comptroller.

Sec. 14. The treasurer may give to any person or association of persons so transferring securities in pursuance of the provisions of this act, powers of attorney, to be countersigned by the bank comptroller, and recorded by him in a book to be procured and kept for that purpose, to receive interest or dividends thereon, which such association may receive and apply to their own use; but such power may be revoked upon such person or association of persons failing to redeem the circulating notes so issued, or when in the opinion of the bank comptroller the principal of such securities shall become insufficient security; and the bank comptroller, upon application of the owners of such transferred securities in trust, may in his discretion, with the approval of the treasurer, in writing, change or transfer the same for other securities of the kind before specified in this act, or may transfer the said securities or any part thereof, upon receiving and cancelling an equal amount of such circulating notes delivered by him to such person or association of persons, in such manner that the circulating notes shall always be secured in full by securities as in this act provided.

Sec. 15. The bills or notes so to be countersigned and registered, and the payment of which shall be so secured by the transfer of public stock, shall be stamped upon their face, "secured by the pledge of public stocks," and the bills or notes, the payment of which shall be secured by the transfer of public stocks and rail road bonds, shall be stamped upon their face, "secured by the pledge of public stock and rail road bonds," and the amount of capital stock of the bank shall be stamped on all such bills or notes.

Sec. 16. Every bank and banking association organized under the provisions of this act, shall pay to the State treasurer, on the first day of January and July of each year, a semi-annual tax of three fourths of one per centum on the amount of capital stock of such bank or banking association; the first payment of such tax to be computed at the rate of one and a half per centum per annum, from the time of filing the certificate required in section nineteen, to the first day of January or July then next succeeding. If any bank or banking association as aforesaid, shall neglect or refuse to pay said tax for ten days after it shall become due, notice of non-payment shall be sent to such delinquent by the state treasurer; and if the payment be not made within twenty days thereafter, such delinquent bank or banking association, shall in addition to the tax aforesaid, forfeit and pay to the said treasurer for the use of the state one per centum on the amount of its capital stock. The above semi-annual tax and forfeiture shall always constitute a lien on the interest of the securities deposited with the treasurer as provided in section five, and in case of non-payment of such tax and forfeiture, or of either of them, the treasurer is authorized and required to revoke the power of attorney granted such delinquent, as provided in section fourteen, collect the interest of such securities, and apply the same to the payment of said tax and forfeitures or of either of them, and hold the balance if any, subject to the order of such delinquent.

If the interest of said securities shall be insufficient to pay said tax and forfeitures, the treasurer after deducting the amount of said interest may collect the balance by action of debt in any court of competent jurisdiction, in the county where such delinquent is located, in the name on behalf of the State. Said capital stock shall be exempt from all other taxes, except on that portion of said capital stock which shall consist of and include the real property of such bank or banking association; and the real property of all banks and banking associations shall be assessed and taxed in the city, ward, village or town where the same is located, for all state, county, town and corporation purposes, in the name of such bank or banking association: Provided, That the owner or holder of shares of stock in any bank or banking association shall not be taxed as an individual for such shares of stock.

Sec. 17. Before any person or banking association formed under this act, shall receive from the comptroller any circulating notes as provided in sections five and six of this act, the directors or stock-holders shall give to the comptroller good and sufficient bonds, to be approved by him, to the amount of one-fourth of the notes that the said association shall propose to receive, as an additional security to indemnify the bill holders against any loss that may be sustained in case the securities deposited with the comptroller shall be insufficient to redeem said bills, and such person or association of persons are hereby authorized, after having executed and signed such circulating notes in the manner required by this act, to make them obligatory promissory notes, payable on demand at the place of business within this state, to loan and circulate the same as money according to the ordinary course of banking houses.

Sec. 18. Any number of persons may associate to establish offices of discount, deposite, and circulation, and become incorporated upon the terms and conditions, and subject to the liabilities prescribed in this act; but the aggregate of the capital stock of any such association shall not be less than twenty-five thousand dollars, nor more than five hundred thousand dollars.

Sec. 19. Such persons under their hands and seals shall make a certificate which shall specify:

1st. The name assumed to distinguish such association, and to be used in all its dealings, which name shall not be that of any other banking association in this state.

2d. The place where the business of discount and deposit of such association is to be carried on, designating the particular city, town or village.

3rd. The amount of capital stock of such association, and number of share into which the same shall be divided.

4th. The names and places of residence of the shareholders and the number of shares held by each of them respectively.

5th. The period at which such association shall commence and terminate; which certificate shall be acknowledged and recorded in the office of the register of deeds of the county where any office of such association shall be established, and a copy thereof filed in the office of the state treasurer, and of the comptroller; and upon the recording of which certificate, the person or association of persons aforesaid, shall become a body politic and corporate, by the name assumed as aforesaid, for and during the time fixed in the certificate, and by such name shall have power to contract and be contracted with, and shall have all other powers, privileges and immunities incident to corporations, as provided as in chapter 54, title 13, of the revised statutes of this state.

Sec. 20. A copy of the certificate required by the preceding section, duly certified by the register of deeds of the county, or comptroller, or either of those officers, may be used as evidence in all courts and places, for or against any such association, or any other person for or against whom any such evidence may be necessary on any civil or criminal trial.

Sec. 21. Such association shall have power to carry on the business of banking by discounting bills, notes, and other evidences of debt, by receiving deposits; by buying and selling gold and silver bullion, foreign coin and foreign and inland bills of exchange: by loaning money on real and personal securities, and by exercising such incidental powers as may be necessary to carry on such business; may choose one of their number as president, and appoint a cashier and such other officers and agents as their business may require; but no association or banker shall commence the business of banking under this act, until such association or banker shall have deposited with the treasurer the securities required by law, to the amount of twenty-five thousand dollars, exclusive of the bonds of directors or stockholders.

Sec. 22. The shares of such association shall be deemed personal property, and shall be transferable on the books of the association, in such manner as may be agreed on in the articles of association; and every person becoming a shareholder by such transfer shall in proportion to his shares, succeed to all the rights, and be subject to all the liabilities of prior shareholders. No change shall be made in the articles of association by which the rights, remedies, or securities of its existing creditors shall be weakened or impaired; such association shall not be dissolved by the death or insanity of any one of the shareholders therein.

Sec. 23. In case the maker or makers of any circulating note or notes, countersigned and registered as aforesaid, shall at any time hereafter, on lawful demand, during the usual hour of business, between the hours of ten and three o'clock, at the place where such note or notes is or are payable, fail or refuse to redeem such note or notes in the lawful money of the United States; the holder or holders of such note or notes making such demand, may cause the same to be protested in one package for non-payment, by a notary public, under his official seal, unless the president, cashier, or teller shall offer to waive demand, and notice of the protest, and shall in pursuance of such offer, make, sign, and deliver to the party making such demand, an admission in writing, stating the time of the demand, the amount demanded, and the fact of the non-payment thereof; and the bank comptroller on receiving and filing in his office such admission of protest, together with such note or notes, shall forthwith give notice in writing to the maker or makers of such note or notes to pay the same, and if they shall omit to do so for five days after such notice, the bank comptroller shall immediately thereupon (unless he shall be satisfied that there is a good and legal defence against the payment of such note or notes,) give notice that all the circulating notes issued by such person or association of persons, will be redeemed out of the trust funds in his hands for that purpose, which notice shall be given by publishing the same in some newspaper printed in the county where the business of such association is established, or in case there is no newspaper printed in such county, such notice shall be published in some newspaper printed at the seat of government of this state, and the comptroller shall be required to apply the said trust funds belonging to the maker or makers of such protested note or notes to the payment, pro-rata, of all circulating notes whether protested or not, put in circulation by the maker or makers of such protested note or notes, pursuant to the provisions of this act, and to adopt such measures for the payment of such notes as will in his opinion most effectually prevent loss to the holders thereof.

Sec. 24. In case such person or association of persons shall fail or refuse to pay such bill or notes on demand in the manner specified in the preceding section of this act, the comptroller after the expiration of the five days notice mentioned in the proceeding section, shall, after giving 30 days notice by publication in some newspaper printed at the seat of government of this state, and in one daily paper published in the city of New York; proceed to sell at the Merchants Exchange in the city of New York at public auction the securities so pledged and out of the proceeds of sale shall pay and cancel all the bills or notes which have been issued and put in circulation by such association under the provision of this act, to be applied pro rata to the payment of all such circulating notes; but nothing in this act contained shall be considered as implying any pledge on the part of the state for the payment of said bills or notes beyond the proper application of the securities pledged to the treasurer for their redemption.

Sec. 25. In case the current market value of any portion of the securities transferred by any banking association to the state treasurer, in trust as provided in this act, shall at any time for the period of sixty days be less than the value at which they were deposited, the comptroller shall notify the bank of the depreciation in value of such stock, and such banks within thirty days after receiving such notice, shall cause securities of the kinds before specified, or an equal amount of their circulating notes to be transferred to the treasurer of state in trust, to an amount equal to the difference between the current market value at the time of notice, and the value at which the same were deposited; and if said banking association shall neglect or refuse to deposite securities or circulating notes, to the amount of such difference, within the thirty days after the date of said notice, the said association shall be deemed to have forfeited their rights, powers, privileges and immunities as banking associations under the provisions of this act, and it shall be the duty of the comptroller to make application to the circuit court of the county in which said association may be located, to have receivers appointed as provided by Sec. 9, Chap. fifty-four, title thirteen, revised statutes, who shall have the powers and perform the duties that are required by that section. But this section shall not be so construed as to require the surrender to such receiver of any securities deposited with the treasurer or comptroller, pursuant to this act, and the comptroller shall sell such securities for the payment of the bills or notes issued by the bank, as he is required to do in other cases.

Sec. 26. It shall not be lawful for the comptroller or his deputy, to countersign bills or notes for any association to any amount in the aggregate exceeding the securities, at their value as before provided in this act, deposited with the treasurer, in trust, by such association; and any comptroller or deputy, who shall violate the provisions of this section, shall upon conviction, be deemed guilty of a misdemeanor, and shall be punished by a fine of not less than five thousand dollars, or be imprisoned not less than five years in the State prison, or by both such fine and imprisonment.

Sec. 27. It shall be lawful for any association of persons organized under the provision of this act, by their articles of association, to provide for an increase of their capital, and of the number of their association from time to time, as they may think proper, the aggregate capital not to exceed five hundred thousand dollars, as before provided.

Sec. 28. Contracts made by any such association and all notes and bills by them issued, and put in circulation as money, shall be signed by the President or Vice President and Cashier thereof.

Sec. 29. It shall be lawful for such association to purchase, hold and convey real estate for the following purposes:

1st. Such as shall be necessary for its immediate accommodation in the convenient transaction of its business.

2nd. Such as shall be mortgaged to it in good faith, by way of security, for loans made by, or money due to such association;

3d. Such as shall be conveyed to it in satisfaction of debts previously contracted in the course of its dealing; and

4th. Such as it shall acquire by sale on execution or decree of any court in its favor. The said association shall not purchase, hold, or convey real estate in any other case, or for any other purpose whatever; and all conveyances of such real estate shall be made to the corporation, and which real estate the president and cashier may sell, assign, grant, or convey, under the direction of the association, free from any claim therein, in favor of or against the shareholders, or any persons claiming under them.

Sec. 30. Such association shall be liable to pay the holder of every bill or note put in circulation as money, the payment of which shall have been demanded and protested, five per cent. damages for the non-payment thereof.

Sec. 31. The president and cashier of every association formed pursuant to the provisions of this act, shall, at all times, keep a true and correct list of the names of all the shareholders of such association, and shall file a copy of such list in the office of the register of deeds of the county where any office of such association may be located, and also in the office of the bank comptroller on the first Monday in January and July of each year.

Sec. 32. It shall not be lawful for any association formed under the provisions of this act, to make any of its bills or notes, to be put in circulation as money, payable at any other place than at the office where the business of the association is carried on and conducted, and said bills or notes shall be made payable on demand and without interest.

Sec. 33. Whenever the securities deposited for the redemption of circulating notes, shall in the opinion of the comptroller become insufficient for that purpose, he may receive the interest and dividend on all such securities and shall deposit the same with some safe banking association; the deposit to be made on such terms and at such rate of interest as the comptroller may deem most conclusive to the interest of such association, and to be withdrawn and paid over whenever, in the opinion of the comptroller, the securities of such association shall be sufficient to warrant it.

Sec. 34. All fees for protesting the circulating notes issued by any banking association, shall be paid by the person procuring the services to be performed, for which said association shall be liable, but no part of the securities deposited by such association shall be applied to the payment of such fee.

Sec. 35. When the officers of any banking association, desirous of relinquishing the banking business, shall have redeemed at least ninety per cent of their circulating notes, and shall have returned, cancelled, the said notes to the comptroller, and shall produce to the comptroller a certificate of a deposit to his credit in such bank as he shall approve, to an equal amount with the circulating notes of such banking association unredeemed, it shall be lawful for him to receive the same, and to give up all the securities theretofore deposited by such banking association for the redemption of circulating notes issued.

Sec. 36. Such banking association, after having complied with the provisions of the last preceding section, shall give notice for two years in some newspaper in the county where such bank shall have been located, that all the circulating notes issued by such banking association must be presented at the comptroller's office within two years from the date of such notice, or that the fund deposited for the redemption of the notes will be given up to the banking association; and on receiving satisfactory proof of the giving of such notice for the time aforesaid, the comptroller shall surrender to the order of such banking association any securities which he may hold for the payment of any unredeemed notes of the said banking association.

Sec. 37. Any banking association wishing to withdraw any of the securities by them deposited with the comptroller, may do so by depositing in lieu thereof an equal amount of specie, or of the circulating notes which have been issued to said association by the comptroller, in sums of not less than one thousand dollars.

Sec. 38. The securities to be deposited with the treasurer in trust by any association shall be held by him exclusively for the redemption of the bills or notes of such association put in circulation as money, until the same are paid and returned to the comptroller as provided in this act; but the treasurer may assign said securities to said association transferring the same, upon receiving therefor equivalent securities, or upon being notified by the comptroller that such bank has deposited with him an equivalent amount in specie, or circulating notes issued by such bank as provided in section thirty-seven of this act.

Sec. 39. All the circulating notes of banks and banking associations returned by the comptroller, shall be destroyed by him after he shall have made a record of the same, which record shall specify the number of each bill, its date, and by whom it was countersigned, and shall be made in the books to be kept by him for registering circulating notes, as provided in section four of this act; and said comptroller shall also furnish the state treasurer with a copy of the record required by this section, who shall record said copy in the book in which he is required to copy descriptive securities and circulating notes by sections twelve and thirteen of this act.

Sec. 40. If any portion of the original capital of any banking association shall be withdrawn for any purpose whatever, whilst any debts of the association shall remain unsatisfied, no dividends or profits in the shares of the capital stock of the association shall thereafter be made until the deficit of capital shall have been made good either by the subscription of the shareholders, or out of the subsequent accruing profits of the association; and if it shall appear that any such dividends have been made, it shall be the duty of any judge of the circuit court of the county in which said association may be located on application of any person in interest, to make the necessary orders and decrees for closing the affairs of the association, and distribute its property and effects among its creditors and shareholders.

Sec. 41. Every bank and banking association shall on the first Monday of January and July in every year, after having commenced the business of banking as prescribed in this act, make and transmit to the comptroller a report, which said report shall be made on oath of the president and cashier, and shall contain a true statement of the following items, on the morning of the said first Mondays of January and July, before any business of the day: Loans and discounts; over drafts; due from banks; due from directors of said banks; due from brokers; real estate; cash items; stocks and promissory notes; bills of solvent banks; bills of suspended banks; loss and expense accounts; capital; circulation; amount due to state treasurer; amount due to depositors on demand; amount due not included under either of the above heads.— And it shall be the duty of the comptroller to publish said report together, once in some newspaper printed at the seat of government, accompanied with a summary of items of capital, circulation and deposit, specie and cash items, public securities and private securities, and the expense of such publication shall be defrayed by a per centage assessed upon the capital stock of all the banks and banking associations in this state; and if any bank shall fail to furnish to the comptroller its semi-annual report in time for such publication, or shall fail to pay the per centage assessed by the comptroller under this section, when the same shall be demanded by him, it shall forfeit and pay the comptroller the sum of one-hundred dollars, to be applied by him to the payment of the expense of publishing the semi-annual reports; and the comptroller is authorised to collect the said forfeiture in his name upon application to any court of competent jurisdiction in the county where such delinquent bank may be located.

The bank comptroller shall also transmit annually, to the legislature at its session, a condensed summary of all the items reported to him by all the banks, which summary verified by his oath, shall contain a true and correct statement of the condition of all the banks in the state at the time of the making of their last report. Every bank and banking association shall also file a copy of the report required by this section in the office of the register of deeds of the county, where such bank is located, on the first Mondays of Jan. and July in each year. It shall be the duty of the comptroller, on the last days of January and July of each year, to publish in some paper of general circulation printed at the seat of government, the number of banks in operation, and a descriptive list of the securities transferred to the treasurer in trust for each banking association respectively.

Sec. 42. It shall be the duty of the comptroller to receive mutilated circulating notes issued by him, and after making a record of them, their denomination and amount, to deliver in lieu thereof other circulating notes to the same amount.

Sec. 43. Such banks or banking association may demand and receive for loans on real and personal securities, or for notes, bills, or other evidences of debt discounted, a rate of interest not exceeding ten per cent per annum, until the first day of January, A. D. 1860, and not exceeding seven per cent per annum thereafter. It shall be lawful to receive the interest in advance, according to the ordinary usages of banking institutions; and to charge for collecting foreign and inland bills, or other evidences of debt, the usual current rate of exchange, and in the computation of time, thirty days shall be a month, and twelve months a year.

Sec. 44. All bills and notes of such banking association shall at all times be received by said association on all judgments, executions or demands, payable to, or the property of such banking association.

Sec. 45. Each and all the provisions of this act shall apply to, and control in all respects, any banker who shall conduct business under the provisions of this law, whether the word banker is, or is not used in any such provision.

Sec. 46. The officers or agents of any banking association, who shall pay out to be put in circulation as money in this state, any bill, note, certificate of deposite, or other paper having the similitude of a bank note, knowing the same to have been issued without the authority of this or any other of the United States, of the Congress of the United States, or of Canada, shall upon conviction be adjudged guilty of misdemeanor, and shall be punished by fine not less than one hundred dollars for every piece of paper so put in circulation, or imprisoned not less than six months, or by both fine and imprisonment.

Sec. 47. The stockholders in every corporation or association organized under the provisions of this act, shall be individually responsible to the amount of their respective share or shares of stock for all its indebtedness and liabilities of every kind.

Sec. 48. This act may be amended by any future legislature, but no amendment thereto shall take effect, or be of force until it shall have been submitted to a vote of the electors of the state in a similar manner as is provided for in this act, and been approved by a majority of all the votes cast on this subject.

Sec. 49. At the general election to be held on the Tuesday succeeding the first Monday in November, in the year One Thousand Eight Hundred and Fifty-Two, at all the usual places of holding elections in this state, for the election of all officers required by law then to be elected, the question whether this act shall go into effect, or in any manner be in force, shall be submitted to the people, and if the same shall be approved by a majority of all the votes cast on that subject, it shall go into effect, and be in force from and after the date of said election, otherwise it shall not go into effect, or in any manner be in force.

Sec. 50. The votes cast on the subject specified in the preceding section, shall be by separate ballot, and shall have written or printed, or partly printed on each of them, "For the Bank Law," or "Against the Bank Law," which words shall indicate the vote of the elector for or against the approval of this act, and the ballot so cast shall be canvassed and returned in the same manner as the votes cast for the state officers are required by law to be canvassed, and the Secretary of State shall immediately on the completion of said canvass, publish a statement of the result thereof, in some newspaper printed at the seat of government, and shall communicate the same to the next Legislature at the commencement of its session; and he shall also deliver to the state treasurer a certified copy of this act, if the same shall have been approved, and a statement of the result of the canvass of votes upon this subject, immediately after the completion of said canvass.

A First-rate Notice.—The editor of the Oshkosh *Democrat*, (a "Pierce & King" paper) who attended the grand gathering in this city a few days since and listened to the "little Giant," gives the following graphic account of that thorough-paced Demagogue's address:

> But I was ashamed, disgusted, and heart-sick. The speech was characterized by the lowest demagogueical, partizan scandal. I was ashamed, because, from his position, I expected something manly from him. He aspired to the Presidential Nomination, got nearly one hundred votes in Convention, and for the honor of humanity and our country, such a man, when he addresses the people upon elections, ought to address the reason, the conscientiousness, and the ennobling principles of our nation. But instead of this, the speech was full of the lowest party slang. Not a manly sentiment was uttered. Not a thought was given adapted to make men wiser or better—nothing to lift up the aspirations for progress and social improvement. Not a single attempt to *reason*—to show the fallacy of Whig principles, and the beneficience of the Democratic principles. It was wholly a personal tirade against Whigs and the Whig party. It is true that the Whigs are obnoxious to the greater share of this, but it should be left to the common loafers and gutter politicians—it is too degrading for the soul to endure, when a United States Senator, and a prominent aspirant for the chief office of the nation, eclipses them all in this particular line.

Scott in Cincinnati.—Yesterday we met a gentleman who had just come from the Queen City of the West, where he had witnessed the reception of General Scott, by the men and women, and all the rest of the people of that section of Ohio and Kentucky. He said, that he had witnessed many popular receptions, but such a mighty welcome as greeted the old cheiftan of 1812 and 1847, he had never seen. From early in the morning till late at night the streets were thronged with crowds of people, and when the General at last arrived it was with difficulty that the procession could move, so anxious were the eager multitude to even touch his hand.—*Detroit Advertiser*

The First Gun from Mississippi.—We are indebted to the Chickasaw *Banner Extra* for full returns of the election in that county for Representative to fill the vacancy occasioned by the resignation of Jas McCrory. Judge Jno. Ivy (Whig) is elected by 44 votes! St. Clair who is defeated, is a clever gentleman, and we are sorry for him; but we are so glad that our friend Ivy is elected, our sorrow for him is lost in joy. Chickasaw is a Whig county now, and we hope the Whigs will keep it so by thorough organization. This is the first Scott Gun in Mississippi—to be followed by a broadside in November.

### THREE WEEKS TO ELECTION!

Notwithstanding the active political canvass now in progress all over the country, it seems difficult to realize the fact that THE DAY which is to decide the destinies of the Republic for the next four years, and possibly for a much longer period, is now but *three weeks* distant. Within that short space of time all the preparations for the important contest must be made, and upon the manner in which that brief intervening period is employed depends the issue, if not in the Union at large, at least in our own State of Wisconsin. Of the general result there is but little ground left for doubt. The signs of the times, if we read them rightly, point unmistakeably to the success of the gallant Old Chieftain who has never known defeat. Where Scott "leads the column," Victory follows in his train. Every day for the past six weeks has added to the strength, increased the zeal and confirmed the confident hopes of his supporters. The popular tide has set strongly and perceptibly in his favor, and it will "know no ebb" till it shall have borne his bark in triumph to the Capitol.

But where stands Wisconsin in this great struggle? Under which banner is our own favored State to range herself? For which party and policy will this youngest and fairest offspring of the old North-Western Territory give her voice and vote? This is a question for *home* consideration and its solution depends upon the *work* done within the next three weeks. It is *possible* to secure the electoral vote of this State for Winfield Scott. But this can only be done by *united, systematized and persevering effort.* To ensure such a result, the friends of Scott and Graham throughout our State, must devote themselves, for the next three weeks, to the good work. Let them canvass promptly and efficiently their respective neighborhoods. Let them search out such voters as are yet ignorant of the great issues before the People, or undecided how to vote. Let them circulate freely among their friends and neighbors documents and newspapers throwing light upon the candidates and the measures now before the country. Let them make timely arrangements for calling out the *full vote* of their several districts; for guarding the ballot-boxes against foul play, or illegal voting; and for providing, at *every poll*, a full supply of Tickets. These things are all *indispensable* to success, and the friends of the good cause should see to it that none of them are forgotten, or neglected.

It is in work like this that the next three weeks can be most profitably employed. Friends of Scott & Graham! Shall not this brief interval be devoted to the good cause? Remember how much depends upon the issue of November's contest. Reflect what a noble triumph it would be, to carry Wisconsin for Scott, Home Industry and Harbor Improvements. And resolve that nothing shall be left undone on *your* part to effect so glorious a consummation. Up then, and *to the work!*

### The Truth of History.

Pierce.—"History records that the general fainted before the action at Churubusco, just out of reach of the enemy's fire, and was not in either of the two following battles at all!—*Mil. Sentinel.*

History records no such thing, and all the honorable portion of the federal press are ashamed to repeat the vile calumny.—*Sauk Co. Standard.*

Pshaw! Does the *Standard* know anything about the history of this matter? Has it ever read anything of Gen'l Pierce's own despatches, that it prates about "vile calumnies" so glibly!

In the "Army Correspondence," now before us, at page 106 of the Appendix, Gen'l Pierce says, concerning the battle of Churubusco:

"This accident (the fall off his horse the day previous) rendered me unable to struggle with the difficulties of the ground over which we were obliged to pass, and in the effort to do so I fell, fain from exhaustion and pain, a few yards from the severest fire of the enemy's line."

Gen'l Pierce was three miles off with his division at the time of the battle of Molino del Rey, was ordered up, but did not arrive till the battle was won.

Chapultepec was taken on the 13th, and the gates of Mexico, San Cosme and Belen, forced the same evening. Gen'l Pierce says that on the evening of the 12th, his brigade—

"Was ordered to move silently under cover of long range of building, known as the Molino del Rey. "Previous to this moment, however," continues he, "I was compelled to leave the field, in "consequence of severe in lisposition, which confined me to my bed during the 13th." "At 4 "o'clock on the morning of the 14th, I rejoined "my brigade, &c"

By this time the fighting was all over. This last extract is on page 155 of the same document.

Our "democratic" contemporaries had better confine themselves to Mr. Pierce's statemanship, as shown by his consistent votes against River & Harbor Appropriations, against the right of petition, against pensioning old soldiers, and against about every good measure on foot while he was in Congress.

Tall Ciphering.—The *News* ciphers *up* the majority of Messrs. Smith and Crawford over Mr Strong to 2500, and ciphers *down* that of Chief Justice Whiton to 500 or 600. If it will just transfer these figures its ciphering will be much nearer right than it is now.

German Scott Volunteers.—A meeting of the German Scott Volunteers of our city will be held at the "Head Quarters" on Wisconsin Street *this* evening (Wednesday) at half-past 7 o'clock. Addresses may be expected in German and English

### The Banking Law.

We publish in to-day's paper the General Banking Law adopted by the last Legislature, and which, by the terms of the Act and in compliance with the Constitution, is to be submitted to the People of this State at the coming election. We regard the sanction and approval of this law by the People as of vital consequence to the growth and prosperity of our State; and hope to see it endorsed by a very large majority. We are aware that objections are urged against particular features of the bill by men who profess to desire a General Banking Law; but these defects, if they *are* such, can easily be remedied by future legislation, while if the law itself should be rejected, it may be years before we shall succeed in getting another. The opposition to the law and to all banks, or banking business, is confined almost exclusively to the radical democracy of our State, and no doubt, if circumstances should give them the power, they would use it to *prohibit* all such Institutions, as they sought to do by the first Constitution. But if the People of Wisconsin are true to their own interests, radical, "Red-republican" democracy will never again bear sway in this State. Wisconsin has suffered much, in her fortunes and character, from the destructive legislation and discreditable doctrines of ultra Loco Focoism, but the lesson will be worth all that it cost, if it teaches our People to eschew forever the guidance and counsels of these political quacks and unscrupulous demagogues.

Wants to know.—The *News* desires us to "explain" our paragraph in relation to the letters of two or three hundred Irish Catholics of Concord, Manchester, Nashua &c., touching the proscriptive test in the New Hampshire Constitution. The paragraph needs no explanation. It speaks, as do the letters, for itself. The *News* coolly denies that the signers to these letters are Irish Catholics. They themselves declare that they *are*, and we prefer their authority to that of the *News*. They also declare that the Democratic Party in New Hampshire is responsible for the Anti-Catholic Test, and the records substantiate this charge.— Since the *News* has a fancy for these Irish Catholic letters, we publish another, to-day from Grafton, New Hampshire, which we commend to its special attention.

### The Campbell Minstrels.

These popular vocalists give another of their attractive entertainments at Gardiner's Hall *this* evening, with entire change of programme. They certainly excel any band we have heard in our our city and compare favorably with the Christy's. We have rarely listened to sweeter music than some of their concerted pieces, while the Solos on the Violin, Harp, Banjo and Bones, are all superior in quality. The Musical Director, Mr. Burdett, has a happy taste and the programmes, as arranged by him, are always inviting. As this is their last night but one in our city we advise all who enjoy good singing, or a hearty laugh, to spend the evening with "the Campbells." They cannot fail to be delighted with the entertainment.

Miss Julia Dean.—This distinguished actress closed her brief engagement in this city on Monday evening, when she took her benefit. The weather was as unpropitious as possible; a driving North-East rain-storm deluging our streets with rain and disposing everybody to keep within doors. In spite of adverse elements, however, there was a good house and a fair muster of ladies at the Theatre, and the greeting extended to Miss Dean was cordial and enthusiastic. She played her part admirably, winning encomiums from all who saw her, and confirming the high opinion entertained of her talents by her numerous friends and admirers in Milwaukee.

Miss Dean left here yesterday for the East, to fulfil engagements in Albany, New York and Philadelphia. We are greatly mistaken if the popular verdict in these cities does not assign her the first place in her profession.

A Milwaukee Locomotive.—The first of the Locomotives building at Walton & Co's Menomonee Foundry in the Fifth Ward, is very nearly completed and the men are busy giving it the finishing touches. It is a twenty-five ton engine, of approved pattern and excellent workmanship. Great pains have been taken with every detail of the work, and the whole is a splendid specimen of mechanical skill. Nearly all the parts of the second Locomotive are completed and workmen will commence putting them together as soon as the "Whitewater," which is No. 1, shall be transferred from the shop to the track. She will be ready by the end of the week.

### John P. Hale.

This distinguished leader and candidate of the "Free Democracy" will address the People of Waukesha at 10 o'clock this morning, and will speak at Gardiner's Hall, in this city, at 3 o'clock in the afternoon and at Market Hall at 7 o'clock in the evening. Mr. Hale is a man of great talent, and high character, and one of the best speakers in the Union. There will be a crowd to hear him.

---

Runaway.—A team of horses, attached to a heavy double wagon, took fright yesterday afternoon, near the foot of East Water st., and dashed down towards the bridge at a 2.40 pace. They were stopped just as they reached the bridge. There is very great carelessness shown by teamsters and others in leaving their horses unfastened, and it is a wonder that we do not frequently hear of serious accidents by these daily runaway scrapes.

---

What Next?—The Democratic papers in New York have been trying to get up an electoral ticket in that State for Mr. Webster. They can't make it out.—*Indiana Journal.*

The Pierce men have tried on the same game here, but make dreadful slow work of it. They set the trap three weeks ago, but hav'nt caught a single Whig yet.

---

Large Sale of City Lots.—We invite attention to the sale, this morning, at 10 o'clock, near the American House, of a large number of valuable city lots, by Chas. H. Williams, Esq, administrator of the estate of M. T. Williams. The property is valuable, and situated in different parts of the city. An opportunity is offered for investment in real estate, such as occurs but seldom.

---

Book-Binding.—We are indebted to our friend Niedecken, of 175 East Water Street, for a very handsomely bound copy of the Agricultural Society's Transactions for the past year. This specimen was exhibited, with others, at the State Fair, but was overlooked by the Committee; no premiums having been awarded to these very creditable samples of Milwaukee Book-binding.

---

The Milwaukee Clipper.—The Schooner *Sam Hale*, Capt. Hughey Shorts, started again for Buffalo, yesterday noon, with a full freight and a fine breeze. She is now on her *eighth* trip round; the greatest sailing feat yet accomplished on our Inland Seas. Good luck go with her!

### INDIAN SUMMER.

The forest is on fire! the nightly frosts—
The stealthy vanguard of grim winter's power—
Have turn'd the ash and beechen green to gold,
And lit the maple leaves with crimson flame;
And thro' their boughs—like ashes from a grate—
The leaves are falling. Ah! the falling leaves!

The dark green oak alone, like hopeful heart,
Carries his fresh youth into wintry age,
And views the dwindling pathway of the sun
Unmoved, while weaker ones around are pale;
Yet thro' his boughs, like tears from Laro's eyes,
Some leaves are falling. Ah! the falling leaves!

The smoky air hangs on the earth like bloom
Upon a cheru or, as if a vast
And lazy Indian camping ground was near;
But while I write, a boy with frozen curls
Brings me some arrow-heads or flint he's found—
Which seem to say too—"Ah! the falling leaves!"

How many withered hopes from human hearts
Lie like sear'd leaves along the vaults of death;
And, sadder yet—how many hearts grown cold
That still do live without the fire of love;
Decay and death make harvest all the year
And make us sigh still, "Ah! the falling leaves."

WHAT CONSTITUTES A GENTLEMAN?
THE reader's definition would probably be, true kindness, consideration for the feelings of others, and honesty and liberality of sentiment. These qualities do, in reality constitute the gentleman; and in a society organized upon the basis of moral worth, instead of wealth, would pass current as a sufficient passport to the highest circles. But unfortunately for many of Nature's noblest works—god-gentlemen,—something more than moral worth and genuine politeness are requisite to obtain the appellation of a gentleman. In most cases a good, if not fashionably clothed exterior, is the only *wand* which affords ingress to the society even of those who profess to be guided by other standards than appearances.
The Hair, one of the first objects that attracts our notice, is by many considered the most important. A person may be clothed in the richest fabrics manufactured after the most approved taste, his hat may be irreproachable in style, his linen may be pure and unsullied, his boots may be well-fitting, gentlemanly, French calf or the bright, glistening patent-leather, with its untarnished, mirror-like surface still something is wanting. Although we lay no claim to the character of a philosopher, or metaphysician, we think a little light may be shed on this vexed want:—*The Head is Bald!* Still, do not despair; Johnson's Chemical Hair Invigorator, whose perfume is of the most rare and delicious fragrance, the best and only reliable antidote for baldness known, is still to be obtained. If any roots are left it will produce hair. It gives tone and vigor to the functions of the scalp, and speedily insures to the user a beautiful crop of hair.

She is ready to sail at a moment's notice, and is only waiting final orders from the government and the arrival of the Princeton which is to join the expedition.

### The Irishmen of New Hampshire to the Irishmen of the Union!

Below we give an emphatic protest from upwards of a hundred Irishmen of Grafton Co., New Hampshire, against the efforts that are made to lead them into the support of the policy and party which favor Catholic Proscription and British Free Trade. It is an intelligent, frank and straightforward document, which will not be without its influence with every Irishman who pauses to consider what he is aiding when he casts his vote:

We, the undersigned, resident Catholics in the State of New Hampshire, declare to all of our religious faith throughout the whole country, that we do not consider ourselves under the least obligation to Gen. Franklin Pierce, or the political party of which he is a member in this State, for aught he or they have done to blot from the Constitution of the State a "*test*," obnoxious to every truly liberal mind, and unjust and oppressive to us as Catholics. The record of votes given upon the "test" question, we understand to be more creditable to the Whigs than to our old Democratic brethern; and we recognize in Gen. WINFIELD SCOTT the true friend of the sons of the "Green Isle" at all times, whether in the hour of victory, at home or in Mexico, or on board Prison Ships after an adverse incident in War. We see England partial to the election of Gen. Pierce, and to us this is a *sign not to be mistaken* by any true heart which beats in the bosom of an Irishman. We go for Protection at home, like that which was once enjoyed in Ireland, but the loss of which made the "Green Isle" poor indeed. Grafton county, Oct. 1.

LOOK OUT.—Tens and fives on the Merchants' and Mechanics' Bank of this city are in circulation, altered from ones. This Bank has issued no bills of the denomination of ten dollars. The altered bills can easily be detected by holding them to the light.—*Chicago Journal.*

DREADFUL RAILWAY CATASTROPHE.—We learn by telegraphic dispatch from Concord, N. H., dated thursday evening, that a terrible accident occurred that day on the Montreal Railroad, near the Weir's steamboat landing, by which six persons were killed and from 12 to 16 were dangerously injured. An extra train was coming from the steamboat Dover, at Meredith Village, with a large number of passengers on their way to the State Fair at Meredith Bridge. Soon after it started a car coupling broke, while on a pile bridge near the wiers. Before the accident could be repaired, another extra train from steamer Dover ran into it and a most heart rending scene ensued.

A number of platform cars were jammed together and great injury to life and limb ensued.—Among those reported to be killed were the following: John H. Smith of Dover, Clerk of Strafford County Courts; Mr. Roberts and child, of Holderness; Mr. McDuffee, of Acton; Mr. Edgerly, of Tuftonborough. Among those dangerously injured were Sanborn C. Carter of Ossipee, Register of probate in Carroll County, who is reported to have since died; Thomas W. Mordough, Esq., of Wakefield, had both his legs broken.—Others are reported to have died. The forward train, it is now said, was stopping to take up tickets. Many jumped into the water, which was fifteen feet deep. Gov. Martin was on board but not injured.—*Albany Register 8th.*

WISCONSIN
WHOLESALE
**Drug Ware House!**
S. JOHNSON, JR.,
No. 151, East Water St., Milwaukee, Wis.

THE SUBSCRIBER has now on hand, and is constantly receiving his supplies, selected by himself from the stocks of the largest Importing, Manufacturing and Commission Houses in New York, Boston, Philadelphia and the Southern Market.

His arrangements are so perfected for purchasing, as to defy competition; and it will at all times give him pleasure to exhibit

THE QUALITY AND VARIETY OF HIS STOCK,

And by giving his prices, convince dealers of the truth of the assertion.

The Wholesale Department OF HIS ESTABLISHMENT

Has been very much enlarged the present season, to enable him the better to attend the increasing demand in this branch of business.

CITY & COUNTRY CUSTOMERS

Will find at all seasons of the year, a more general assortment of Goods than can be found at any similar establishment in the west.

S. Johnson, Jr. would particularly call attention to a few of the leading articles of his trade:

LAMP OILS.

Consisting of Pure Winter Sperm Oil, Pure Summer Sperm Oil, Refined Whale Oil, Neats Foot Oil, Solar Sperm Oil, Lard Oil, Elephant Oil, Tanner and Currier's Oil.

Having purchased the above direct of the manufacturer, and in large quantities, he is enabled to sell at prices much below the ordinary market rates.

DETERMINED TO REDUCE

During the present year, and for that purpose he offers inducements to purchasers that cannot fail to command attention.

Having been appointed agent for the sale of GOULDING'S SURGICAL INSTRUMENTS, he will have on hand, at all times, a full supply, which will be sold to Physicians and Dealers at New York prices.

HAY PRESS.

THE IMPROVED PATENT LEVER RAILWAY PRESS EXCELS ALL OTHERS now in use for pressing Hay, Cotton, Hemp, Wool, Hops, Rags, &c. &c., and will be warranted to perform well and do double the work that any other press can with the same number of hands, with less than half the draught; a small boy can attend the horse, and the running back of the follower with ease. The time required in running up the follower, is fifteen seconds. A bale of Hay can be pressed in less than one minute, at ordinary all day work; seven or eight bales can be pressed and bound per hour. Bales of Hay can be pressed, weighing over 400 lbs., measuring two feet square and four feet long. Bales of Cotton can be made compact enough without compressing.

The construction of this press is such that it does not require a building expressly for it, as it may be placed in any barn or shed, and the horse may move in any direction, or at any distance from it; and when the bale is ready for delivery, it is discharged instantly, and the follower gradually recedes as the hay is placed in the box.

The construction is so simple that any man can make a Press, or keep it in order.

The travel of the horse, in running up a bale, is fifty feet, while in a screw press, the travel is one mile and a half, in running the screw up and down. We have one new Press now in operation at Waukesha, Wis., and two others in process of construction.

So great a failure of the hay crop as has occurred in all of the Eastern and Atlantic States, the present season, cannot fail to secure a most profitable business to any persons in Wisconsin or Illinois, who may take hold of this business with energy. The hay may be shipped during the present fall, and three months of the spring navigation, before another hay crop is raised.

REPORT OF THE PREMIUM COMMITTEE OF THE AGRICULTURAL SOCIETY OF NEW-YORK.

"The Lever Railway, Hay and Cotton Press, is a machine combining great power, convenience of operation, and constructed on true philosophical principles, and is a great desideratum to the river counties, and all places not contiguous to market and also to cotton and hop growers; and the Committee think they do not exaggerate when they say it is, in their opinion, the perfection of machinery for that purpose. The Committee therefore award a premium of $5."

The Press, with the right to use it, can be purchased at less than half the cost of any other Press now in use. For rights for a single Press, or Towns, Counties and States, application should be made to the subscriber.

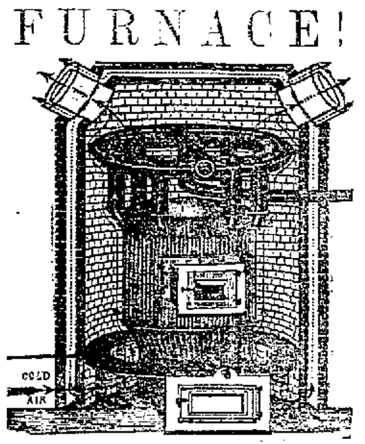
## N. Y. ADVERTISEMENTS.

FROM S. M. PETTENGILL'S ADVERTISING HOUSE, 122 NASSAU ST., N. Y.

CHILSON'S PATENT
World's Fair Prize Medal
FURNACE!



WE ARE HAPPY TO ANNOUNCE THAT CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented is declared by high and reliable authority, to be the

BEST FURNACE IN THE WORLD.

Not only is this Furnace, and our system of ventilation, proved and declared to be the best mode of Warming and Ventilating DWELLING, CHURCHES, ACADEMIES, SCHOOL HOUSES, COURT and STATE HOUSES, HOSPITALS, STORES &c., in nearly all the cities and towns in the United States, but is meeting with equal favor in the CANADAS, ENGLAND, RUSSIA, and other Foreign Countries. It has been awarded at the recent Fairs in this country, gold and silver medals, first premiums, and lastly the Great Prize Medal at the World's Fair, London. It has been subjected to the most rigid investigation and severe practical tests, and unanimously declared the best.—(See the printed reports of the Fairs, also city and state public committees on public buildings.) We have more than twenty-five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common frail hot air furnaces seven years since, under the settled conviction that red hot iron furnaces burn the oxygen out of the air, producing an unhealthy, scorching, disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air, and the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a *healthful, economical* and *durable* apparatus, for the thoroughly warming and ventilating buildings, has been entirely successful.—They possess the following advantages: purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals or wood, all equally well—fines easily cleaned out—great durability of furnace, not liable to repairs for a life time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars.—Sizes for all classes of buildings. Also, 4 sizes of new and superior PORTABLE FURNACES.—Dr. Clark's Improved Boston School Stove.

Registers of all descriptions; Hot-air Grates; Roota Ventilators, &c.

SAUGATUCK IRON WORKS,
WESTPORT, CONN.
OFFICE NO. 5, NASSAU STREET, NEW-YORK.

WE DESIRE TO CALL ATTENTION TO THE following articles which we are manufacturing for Railroad companies, to-wit:—Car wheels and axles, boxes and pedestals, wheel presses, locomotive drivers and cylinders, screw cutters, drilling machines, switch stands, levers and targets, frogs, head and heel blocks, chairs, and all castings connected with Railroad superstructure.

WHEELS.—Nearly two years since we commenced business, with the view of making wheels. We were then informed by gentlemen whose intelligence and experience entitled their opinions to great weight, that the wheel was imperfect, and advised us to attempt its improvement.—With every desire to succeed, we commenced an examination of the various patterns in use, to ascertain and secure the best. We soon became convinced that a majority of the patterns would prove satisfactory, if the iron of which they were made was sufficiently strong and properly chilled. Since then, we have left no means unemployed that we could control, to procure a new and stronger combination of iron than heretofore used, and feel confident that we have succeeded, with which we are now manufacturing double and single plate and spoke wheels, fully guaranteed as regards strength and perfect chill. Within sixty days we will be able to supply limited orders with "Whistler's Express" and "Whistler's Single Plate" wheels. From the material used in, and the expense of fitting up, these patterns will cost something more than ordinary wheels, but it is confidently predicted by those whose opinions are most valuable in such matters, that they will possess a greater amount of strength than any cast or combination wheel made. They are the invention of Geo W. Whistler, jr. Esq., (whose experience in all matters connected with railroads is sufficiently known, and intended to obviate the influence of contraction and expansion to an extent that will render them perfectly safe at all seasons at the highest rate of speed.

AXLES.—We will use none but the best forged, which are superior to any other.

SWITCH STANDS, LEVERS AND TARGETS.—We have adopted a stand that recommends itself for simplicity of construction, and the best guarded of any we know, invented by Van Blarcomb, Superintendent of Machine Shops of the Housatonic & Naugatuck Railroads, but will make of any pattern desired.

SCREW CUTTERS.—The invention of Mr. Van Blarcomb, a useful, cheap and successful machine.

BOXES AND PEDESTALS, of any size or pattern to order.

DRILLING MACHINES, of a very simple and very substantial character.

WHEEL PRESSES.—Made to order.

LOCOMOTIVE DRIVERS AND CYLINDERS.—Made to order.

FROGS, CHAIRS, HEAD & HEEL BLOCKS, And all work connected with superstructure, made by contract.

Predicating our success on the facilities we possess of procuring the latest improvements in machinery, and the uniform excellence of our work in material and finish, we solicit orders.

H. H. RAYMOND'S
Spherical Disinfecting Fluid,

FOR purifying the air of sleeping and sick rooms, cabins and holds of ships, particularly for passenger ships, at sea or in port, prisons, jails, crowded rooms in general, from offensive, close and infectious air of all kinds, including the infectious spheres of cholera, ship, typhus, yellow, bilious, scarlet and other fevers of our own or Southern and Western climates in cities and towns, on land and water. Also, for disinfecting the bodies, clothes and trunks of persons who are in or have been in the atmosphere of infectious diseases.

This fluid is healthy to breathe or take internally, and instead of filling the room with a choking, irrespirable air, as the chlorides of lime and other chemical preparations in use do, it makes the whole air sweet and salubrious, and at the same time strengthens the respiration and enlivens the spirits of those present, by its balmy, fragrant and tonic influence.

The Following Certificate

selected from a number, can be seen at the store of the agents:

HOE'S CAST STEEL, CIRCULAR AND LONG SAWS.

THE SUBSCRIBERS MANUFACTURE FROM THE best cast steel, Circular Saws, from two inches to five feet in diameter. These saws are carefully hardened and tempered, and are ground and finished by machinery designed expressly for that purpose, and are therefore much superior in truth and uniformity of surface to those ground in the usual manner. They require less set, less power to drive them, and are not so liable to become heated and produce a swing in timber.

They also manufacture, Cast Steel MILL, PITT and CROSS-CUT SAWS and BILLET WEBS, of superior quality, all of which they have for sale at their warerooms, Nos. 29 and 31 Gold street, or they may be obtained of the principal hardware merchants in the United States.

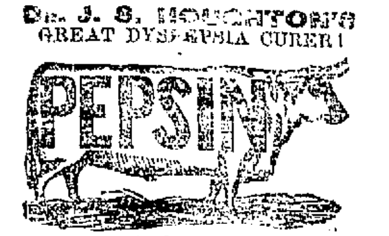
## PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the Clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!
Dr. J. S. HOUGHTON'S
GREAT DYSPEPSIA CURER!



THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

Half a teaspoonful of Pepsin, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Pepsin is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Wilson & Co., New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for diseases of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. Houghton's PEPSIN has produced the most marvelous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood, and Vigor of Body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy, no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

Observe this.—Every bottle of the genuine Pepsin bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

AYER'S
AYER'S CHERRY PECTORAL

CHERRY PECTORAL
For the rapid Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

MANY years of trial, instead of impairing the public confidence of this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys.—While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the CHERRY PECTORAL does not only as a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log cabin of the American peasant, to the palaces of European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, CHERRY PECTORAL is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, CHERRY PECTORAL is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of the lungs. Also in milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to childhood.

The CHERRY PECTORAL is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored herein to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.

### HAWKINS' STAVE DRESSING MACHINE.

PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey BARRELS,

and PIPES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves PER HOUR,

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

### RELIANCE WORKS,

West Water Street, Milwaukee

Decker & Seville,

Proprietors and General Manufacturers of

STOVES, (BOTH WOOD AND COAL.)

FOR COOKING, PARLOR & OFFICE USE; GRATES, FIRE FRONTS, CITY AND COUNTRY HOLLOW WARE, KETTLES of all kinds; SAD-IRONS, STRAW-CUTTERS, CORN-CRACKERS & SHELLERS, AGRICULTURAL IMPLEMENTS, AND PORTABLE GRIST MILLS.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST DOUBLE OVEN COOKING STOVE, *(Which received the First Premium at the State Fair, lately held at Janesville,)*

Possesses great advantages over every other stove, for plain uses and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superseding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an article in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replace the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF *In a few seconds* WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pains in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA. PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pain.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belladonna, Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pain, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.*

If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF IS FREE FROM MORPHINE,

*And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine and all other preparations containing this poison, produce on the system.*

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhœa,
Bloody Flux,
Dysentery,
Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM. PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were twisted from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER. CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chill immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidneys, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan-like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAY'S MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected.—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive.—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

*Radway's Circassian Balm is the "ne plus ultra."*

## PATENT MEDICINES.

### LIVER COMPLAINT.

JAUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS, AND all diseases arising from a Disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and Dull Pain in the Head, DEFICIENCY OF PERSPIRATION, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits, CAN BE EFFECTUALLY CURED BY DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

Prepared by Doct. C. M. Jackson, AT THE GERMAN MEDICINE STORE, 120 Arch st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED. [From the Boston Bee.]

The Editor said, Dec. 31: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY,

One of the best literary papers published, said, August 25: "DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 28, says:—"A Medicine"—We speak knowingly of Dr. Hoofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co., of Buffalo, which is a worthless imitation and the pamphlets a "base forgery" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud."
